

Frozen Moments

Composer: Florian Döling

Lyricist: Florian Döling

1. From your birth your life starts running,
hopes and wishes, events becoming
part of your own screenplay,
may be a smile, a view, a kiss,
a face, a crash,
indelibly stamped
into your soul
no re-set
frozen moments,
frozen moments,
frozen moments...

2. ...as standing pictures in your
lifetime movie, unforgettable,
wake up at night, wake up at day
they all remain
a part of you
until the end
of your soul,
no reset
frozen moments,
frozen moments,
frozen moments
